About our home insurance service

For many people their home is their biggest investment, both financially and emotionally, so it's common sense to ensure it's properly protected. Despite this, people often make the mistake of assuming a standard 'off the shelf' policy is adequate for their needs, leaving them vulnerable to underinsurance in the event of a claim.

At Atwoods we take a close look at the value of your home's contents, taking into account any expensive items, and put this together with the rebuild cost. This ensures an accurate sum is arrived at and we will then work with our underwriting contacts at the UK's leading insurers to put together a policy tailored to your exact needs.

With your policy in place, we will work with you to ensure it remains adequate for your needs, and if you do need to make a claim we'll be on hand to make sure it's settled fairly and efficiently. To find out more please visit www.atwoods.co.uk.
